

Integrated Resource Planning
92S14

August 1994

CONTENTS

	Page
I SUMMARY	1
A. INTRODUCTION	1
B. APPLICATION OF IRP TO THE UTILITY INDUSTRY	1
C. APPLICATION OF IRP TO THE CHEMICAL PROCESS INDUSTRIES	3
1. Capacity Expansion Planning	3
2. Life Cycle Analysis	3
II INTRODUCTION TO INTEGRATED RESOURCE PLANNING	7
A. THE TRADITIONAL PLANNING PROCESS	7
B. IRP AS A PLANNING TOOL FOR THE ELECTRIC UTILITY INDUSTRY	9
C. IRP IN THE CHEMICAL PROCESS INDUSTRIES	12
III APPLICATION OF IRP TO THE UTILITY INDUSTRIES	14
A. IRP FOR ELECTRIC UTILITY PRODUCERS	14
1. The National Energy Policy Act	17
2. Examples of IRP Application	18
(a) Wisconsin	18
(b) Pennsylvania	21
(c) Indiana	22
(d) Florida	22
3. Utility Demand-Side Management Programs	22
B. IRP FOR NATURAL GAS UTILITY PRODUCERS	26
IV APPLICATION OF IRP TO CPI	29
A. CAPACITY EXPANSION TIMING FOR CPI IN A CYCLICAL ECONOMY	29
1. The Cyclical Nature of Capacity Expansions and Product Demand	29

2.	Interaction between Construction Lead Times and Cyclical Product Demand	31
B.	LIFE CYCLE ANALYSIS	33
C.	INTRODUCTION TO LIFE CYCLE ASSESSMENT	34
D.	LIFE CYCLE ANALYSIS OBJECTIVES AND GOALS	37
E.	THE LIFE CYCLE INVENTORY	39
F.	IMPACT ANALYSIS	47
G.	VALUATION	50
H.	LCA EXAMPLES: COMPARISON OF PACKAGING MATERIALS	52
1.	Modeling Methodology	53
2.	Life Cycle Sequences	58
3.	Examples of LCI Modules	58
4.	Results	64
